**CONCLUSION**

47. The singular aim of NDA is to conduct a memorable event, which revives nostalgic memories amongst the participants. The success of a course reunion is directly dependent on the interest taken by the CCO to tie up each and every administrative aspect with Administration Branch prior to the arrival of the course. Any requirement projected by the course coordinator will be provided in advance. Last minute changes though acceptable will be subject to feasibility due to the fact that the Academy would be closed and a number of offrs/ personnel would be on leave. The entire event, if addressed with a positive mind and a spirit of cooperation, will be a resounding success.

48. The guidelines above have been formulated so as to streamline and standardise the procedure for the smooth conduct of the Course Reunions in the Academy. Any suggestions/ recommendations should be forwarded through the feedback Performa to the Administration Branch for incorporation and further refining this SOP.
